

## NEW DDOD ASTRONOMY PROGRAMS!

### Up in the Sky

This program provides an illustrated one-hour presentation and discussion about what exciting celestial events to look for during the season. The events and phenomena will be explained using simple language, with recommendations about how best to observe and photograph them.

Age: 12 and older  
Fee: \$16.39 per person 15 and older,  
\$14.50 per person 14 and younger

Date	Time	Code
Wednesday September 18	7:00-8:30 pm	44743
Wednesday December 18	7:00-9:30 pm	44744

### Intro Astro

This six-week introductory-level course is designed for new astronomers. Participants will gain a basic understanding of the objects in the day and night sky, will learn how to observe these objects and will gain an introductory knowledge about the Universe and its evolution. Lessons indoors will be augmented by observing sessions as weather permits. Please wear/bring appropriate supplies for being outdoors.

Age: 12 and older  
Fee: \$135.60 per person 15 and older,  
\$120 per person 14 and younger

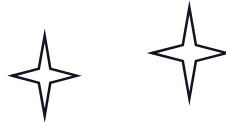

Date	Time	Code
Wednesdays October 27, 30, November 6, 13, 20 & 27	7:00-9:00 pm	44891

### Holidays at the Observatory

This program provides a celebration of holiday traditions through music & story telling. Participants will have the opportunity to join various activities, including festive crafts and winter constellation art. Craft materials will be provided. This program is suitable for families.

Age: 7 and older  
Fee: \$16.39 per person 15 and older,  
\$14.50 per person 14 and younger

Date	Time	Code
Friday December 20	7:00-9:00 pm	44745
Saturday December 21	7:00-9:00 pm	44747
Friday December 27	7:00-9:00 pm	44746
Saturday December 28	7:00-9:00 pm	44749
